

Kurilian Bobtail**Ears**

Medium sized, wide at the base, slightly tipped forward. Distance between the ears is equal to the width at the base of the ear. Ears are triangular in shape, rounded at the tips with light to heavy furnishings depending on the coat length.

Eyes

Moderately large, oval on top, round on bottom, set on a slight angle between base of ear and tip of nose, one eye width apart. Color to be clear, brilliant, no relation to coat color; white cats, vans and harlequins can have blue or odd eyes.

Japanese Bobtail**Ears**

Large, upright and expressive. Wide set, but at right angles to the head, rather than flaring, and give the impression of being tilted forward in repose.

Eyes

Large, oval, wide and alert. Set into the skull at a rather pronounced slant when viewed in profile. The eyeball shows a shallow curvature and should not bulge beyond the cheekbone or the forehead. Eye color may harmonize with coat color or may be odd-eyed.

American Bobtail**Ears**

Medium to moderately large with slightly rounded tips and wide at the base. Placement should be as much on the top of the head as the side, following the shape of the wedge. Lynx tipping, furnishings and ocelli markings are desirable. Ears may appear pointed when lynx tipping is present.

Eyes

Large, almost almond in shape. Set at a slight bias to the ear. Eye color has no relationship to coat color, except in pointed, minks and sepias.

Pixiebob**Ears**

Medium in height, wide, deep base. Set as much on the side as on the top of head, with slight outward tilt. Top of ear rounded with lynx tips preferred. Paler thumb prints on back of ears.

Eyes

Medium sized, soft triangle, heavily hooded bushy brow. Deep set one eye width apart. It is common for the Pixiebob to appear to be half asleep, gazing through partially closed eyes. Eye makeup, there must be a band of cream or white directly surrounding the eye with mascara following the corner of the eye downward to the cheek. Gold to brown color preferred, gooseberry green accepted.

Mekong Bobtail**Ears**

Large, broad at the base with slightly rounded tips, set high and slightly outward.

Eyes

Large, oval in shape, set almost straight; eye color vivid blue.

Manx / Cymric**Ears**

Rather wide at base, tapering to rounded tip. Medium sized, set wide apart; when viewed from behind, they resemble the rocker of a cradle. Hair may be tufted with sparse furnishings in the Manx, full furnishings in the Cymric.

Eyes

Rounded and large angled, slightly higher at the outer edge of the eye. Color conforms to coat color but should only be considered if all other points are equal.
